

Christmas Message for 2021 from Sananda and Sarriless.

“Sananda/Yehoshua would like everyone to know He is always with all of us and loves us unceasingly. He’s personally coming to people individually who invite Him in.” He is also coming to those who have called out to Creator in crisis of their spiritual beliefs who are longing for truth. Sananda is saying, “Now the Biblical and different ‘end time’ prophesies are coming true (like the Blue Star Kachina, Nostradamus and others), as can be seen in the world today, where many people are hurting, homeless, jobless, or in despair and longing for answers and Truth from Creator. Draw close to Me and I will comfort you, protect you, give you strength and counsel you when you have questions.”

Sananda/Yahoshua says to all people, “We...I Hear you My Beloveds. Be still, do not dwell on the past, or fear for the future. Have faith, stand in your truth as a child of the Living Creator, Who Hears you when you cry out and longs to guide you all. When you are with Creator, Me in your Mind, Heart, Body and Soul and trust in Me...then your words have Power to change the world you see around you, to heal yourself and others and to bring forth ‘miracles’ in My Name. Your Spirit (as is all of creation), is with Creator, Me and the Holy Spirit and We Know your intent and your heart. Therefore, Praise the Creator and Give Thanks for all you have now, have had and will have in the future. As you go through life, respect and Love all people and animals as you love yourself and treat everyone kindly. The Creator comes close to the soul that praises and calls out with love, reverence and devotion. Listen to your heart where you will be guided, and know I Am with you always.”

Sananda has said He is coming back soon (but not like tomorrow). He has promised more years for the ‘children’ (that is all of us), to come back ‘home’ to Creator before the Earth goes through its’ 12,000 year cyclical changes along with our Solar System, Sun and galaxy.

At this special time of the year when people come together in honor of Sananda’s/Yahoshua’s Holy Mission on the Earth, all of us on the Arcvanna wish you a most Blessed, Joyous Christmas and a Happy New Year!
