

2022 New Year's Message ~ Sananda

I 'lucidly remote viewed' this message from Sananda on January 7, 2022 just before our ETUniversalZone.com monthly podcast. Peace, Love & Light ~ Marc

Taleya Aeylioth (pronounced: TAH-LAYA A-LEE-OATH) Means "Greetings, Welcome." Sah-yalah (pronounced: SAH-YAY-LAH) Means: "Listen closely."

'We' (Creator) know your hearts beloveds. Do not fill your minds with fear and negative images. Contemplate NOW on Creator. You are loved unceasingly by Creator. Contemplate on the Three-Fold Creator. Father-Mother, Son & Holy Spirit. All are the same and are One Creator with slightly different identities or personalities when coming towards Angels or Souls (children of Creator). The 'FREE WILL' of ALL beings (Angels and Souls) is respected by Creator. A Soul or person has the 'free will' to accept or reject the Infinite Creator as The Creator projects a 'Reflection' of Itself to Souls or 'Children of Creator'. Creator is gentle, loving and subtle when coming close, in a personal way to one of It's children. Creator watches and listens for acknowledgment and for a child to recognize the Creator, the same way a mother or father comforts their child.

I Am asking for you all to contemplate Creator NOW, EVERY DAY. With your words spoken out loud with your voices, My beloveds, in thanks, gratitude, love and thoughts spoken out loud in prayer and song, you will feel the Creator's Focus come towards you. The energy and aura of your body will increase and shine extremely Brilliant in White and Gold shining Light. The Holy Presence of Creator will come towards a soul in the way each person can sense and receive It. Love embraces all children of Creator on all levels and dimensions. On physical planets within the densities of the First Plane (like you all here on Earth now are standing or sitting, He said with a smile), the Love of Creator comes to all always. However, the children may be blocked from sensing or feeling the Love, because of the 'negative and fallen beings' influences over their minds through media of all kinds, books, news, movies and more.

Children...all listening, no matter your age at this time on this physical planet...know this and please remember it always. You are loved beyond your understanding.

You are a child of the Infinite Creator. You are not forgotten and have never been alone. Creator loves all the children, even those fallen into negative and dark thoughts. Creator knows the ways of the 'fallen beings' and how they manipulate the children (all people). They pretend and trick the children through...vanity and pursuit of self-aggrandizement, ways of physical pleasures on dense planets where 'they' take the 'energy' from the people to gain energy for themselves. That is through people pursuing selfish desires, drink and hallucinogenic drugs. If you could see what the fallen and lower trickster beings look like around a person who is being manipulated, or even slightly possessed by one of them, you would run and call out to Creator to help you quickly!!!

These are the planes the fallen were cast to and the children or souls chose to come to and challenge themselves. Many of them have said to Me, they had hoped not forget who they are as children of the Most High Creator. They wanted to come to the dense physical realities to strengthen and challenge themselves to be like warriors for Creator on these low physical levels and be able to control the manipulation of the 'dark forces' (lower beings, fallen beings, etc.). Your words spoken with conviction in your mind, heart and soul and focused on love and unfailing truth of Creator's Love and Protection that is ALWAYS with you...is your protection on all lower densities or physical realities below the Fourth Plane.

There are many Planes/levels created for the Children of Creator to move through. The lower levels are below the Third Plane where beings have been cast to for their attempt to try to 'over create' the Infinite Creator and to move higher (in their minds). That cannot happen, since ALL has been created by Creator and the children (Angels and Souls) do NOT know where Creator is within and without the Omniverse.

Most important NOW, in the Universal Time of Planet Earth (physical reality) is for the children of Earth to contemplate on Your Father/Mother Creator as the 'Three-fold Creator'. There are NO other creators, just the ONE Creator, Father/Mother as Infinite Creator (androgynous) in Energy, never changing, Alpha & Omega. The Son (as in the Reflection of Creator), is the Reflection that

comes to the Children as Personal Creator to every Angel and Soul. The Holy Spirit, The Paraclete (Advocate, Helper) Who comes to the children when called upon as the Holy Presence, in sound or scent (essence of sanctity) or Cloud of Light, as Sparkling Gold Dust or a Lucid Vision manifested in form as the Third Person of the Trinity in Golden Fire Reflection of the Holy Presence. Holy Spirit comes as a Teacher, Helper when a person is confused, and along with a person's Guardian Angels, will help the Angels deliver a 'sign of wonder or miracle' if needed for the Children of Creator.

The time is here My Beloved Children of the Most High, where the Earth and your solar system are going to be going through changes and energetic frequencies will be moving throughout the galaxy. It is important now for all children on Earth and in this solar system to focus more on Creator and call out for understanding and guidance. Your belief and trust in Creator and the Holy Trinity is very important for souls to be protected from dark force interference regarding the children's progression from the physical dense realities.

Remember, your words can change and influence the energy fields around you as you walk on a planet. Ask Creator and do not doubt, you will receive. Say always when asking, "Let it be Your Will Infinite Creator and not mine, always. Amen". That cancels out an egotistical request. Creator answers when time is right. Creator hears all prayers and comes close to the children/people when they are Praising and Giving Thanks for all they have now, have had and will have in the future. Your energy shines brightest when you Praise and Give Thanks to Creator. That is your True Ascension Energy to contemplate on.

I leave you now with this. "I Love you all forever and unceasingly. I Am with you all always. I love you, My Children."

Sananda
